Dear Friends,

on behalf of all members of the German Carrom Federation (GCF) I heartfelt welcome all participants of the 16th Eurocup which will be held this year in Darmstadt. The members of the GCF, under the successful guidance of Carrom Club Darmstadt, did their very best to make the tournament memorable - including delightful food, lodging and entertainment.

I'm sure, that the Eurocup 2012 will be another stunning event for the European Carrom Confederation and I'm really glad that you all will take part. The Eurocup 2012 will be a great landmark in the european history of carrom and also a powerful impact to promote our famous game.

I wish to thank all friends, players and especially our sponsors who contributed in a different ways to make this tournament possible.

Good luck to all players, enjoyment and a nice stay in Darmstadt. I hope, that we'll see many Slams. White or black? It doesn't even matter!
